

Waiting List Policy

Version 3 16th June 2020

All new members wishing to join the group must initially register their interest from the group website join form. This is the only way we accept new people into the group.

Once a young person has been added to the list and a place becomes available, they will be allocated a space using the below priority list.

1, Children of current uniformed Leaders and other key roles within the Group, including new adults joining the Group in these roles.

Note: Parents coming into the Group need to commit to taking up their role before their child is accepted.

2. Children with Older Siblings already in the Group

3. Children who would benefit from being involved in scouting e.g. English is not first language or additional needs

4. Children who are already in Scouting in the district who want to transfer to the 7th

5, Children moving into the area who are already in scouting

6. All other children in order of length of time on the waiting list.

The Waiting list is managed by the GSL for all sections.
