

Waiting List Policy

Version 4 1st JANUARY 2023

All new members wishing to join the group must initially register their interest from the group website using the OSM join form. This is the only way we accept new people into the group.

Once a young person has been added to the list and a place becomes available, they will be allocated a space using the below priority list.

1, Children of current uniformed Leaders and other key roles within the Group, including new adults joining the Group in these roles.

Note: Parents coming into the Group need to commit to taking up their role before their child is accepted. We will ask the child to leave if the parent has falsified their interest in volunteering in the group.

2. Children with Older Siblings already in the Group

3. Children who would benefit from being involved in scouting e.g., English is not first language or additional needs

4. Children who are already in Scouting in the district who want to transfer to the 7th

5, Children moving into the area who are already in scouting

6. All other children in order of length of time on the waiting list.

7. There is no appeal system for the waiting list or explanations given as to why people have or have not received a place.

The Waiting list is managed by the GSL for all sections.
